quality Care

We believe that all our residents deserve to be treated with respect and dignity, and that their later years should be spent as enjoyably as is physically possible. We realize each of our residents has individual needs, and Autumn Leaves specializes in providing the care necessary to fulfill these needs.

Our interdisciplinary team works together with each resident's doctor and associated health care professionals to develop a plan of care tailored to meet the specific needs of each resident. This plan of care is implemented by a dedicated, professional staff trained to the highest standards of excellence, yet sensitive to the emotional needs of our residents. At Autumn Leaves Nursing & Rehabilitation Center, you will find *Quality Care and Superior Service*.

a truly Exceptional place

Autumn Leaves Nursing & Rehabilitation Center is extremely proud of its fine reputation and of the role it has had in the development of the nursing home industry in Louisiana. In April, 1962, Ted D. Price began with a dream, hard work and a genuine love of people. Autumn Leaves' reputation for quality care and heartfelt compassion quickly spread. With the completion of the new Autumn Leaves, this spacious facility is one of the nicest and most modern in the South. Our rehabilitation programs, including Physical, Speech and Occupational Therapy, offer our residents the opportunity of returning to their greatest degree of independence, based on a plan of care tailored to the specific needs of each resident. Our Physical Therapists help restore the range of motion, balance, strength, coordination and functional mobility that allows our patients to improve the quality of their lives. Our Speech Therapists evaluate and rehabilitate swallowing disorders, language, speech, written and spoken verbal communication, and verbal memory problems. Our Occupational Therapy team evaluates and provides training in activities of daily living such as feeding, dressing, bathing and meal preparation. We are proud of the history of Autumn Leaves and the fine tradition of caring started by Ted and Marjorie Price. We are committed to continuing this tradition by providing you the very best in *Quality Care and Superior Service*.

Central Management Company LLC

operates nursing facilities throughout Louisiana. With nearly 50 years of experience in the nursing home profession, Central Management continues to earn the respect of its peers in the medical community, as well as residents and their families. While each facility is unique, having its own personality and character, all are bound together by a corporate philosophy and commitment. We emphasize and value quality care and superior service in all of our facilities throughout the state. Our commitment to quality care is not a passing fad or empty slogan. It is found in every facility, in every administrator, and in every department.

At Central Management Company, we put our resources where our goals are. We heavily reinvest in improving (and replacing) our facilities and in continuous staff training and development. We believe our staff makes the difference. Our supervisors and administrators expect more than mere technical compliance with governmental rules and regulations. They demand a staff sensitive to the social and emotional needs of the residents. Consequently, our employees know more than their job – they know the importance of a kind word, a gentle touch, and the healing power of a smile. Our staff is committed to *Quality Care and Superior Service*.
